

Mini Crosser 115E 4W

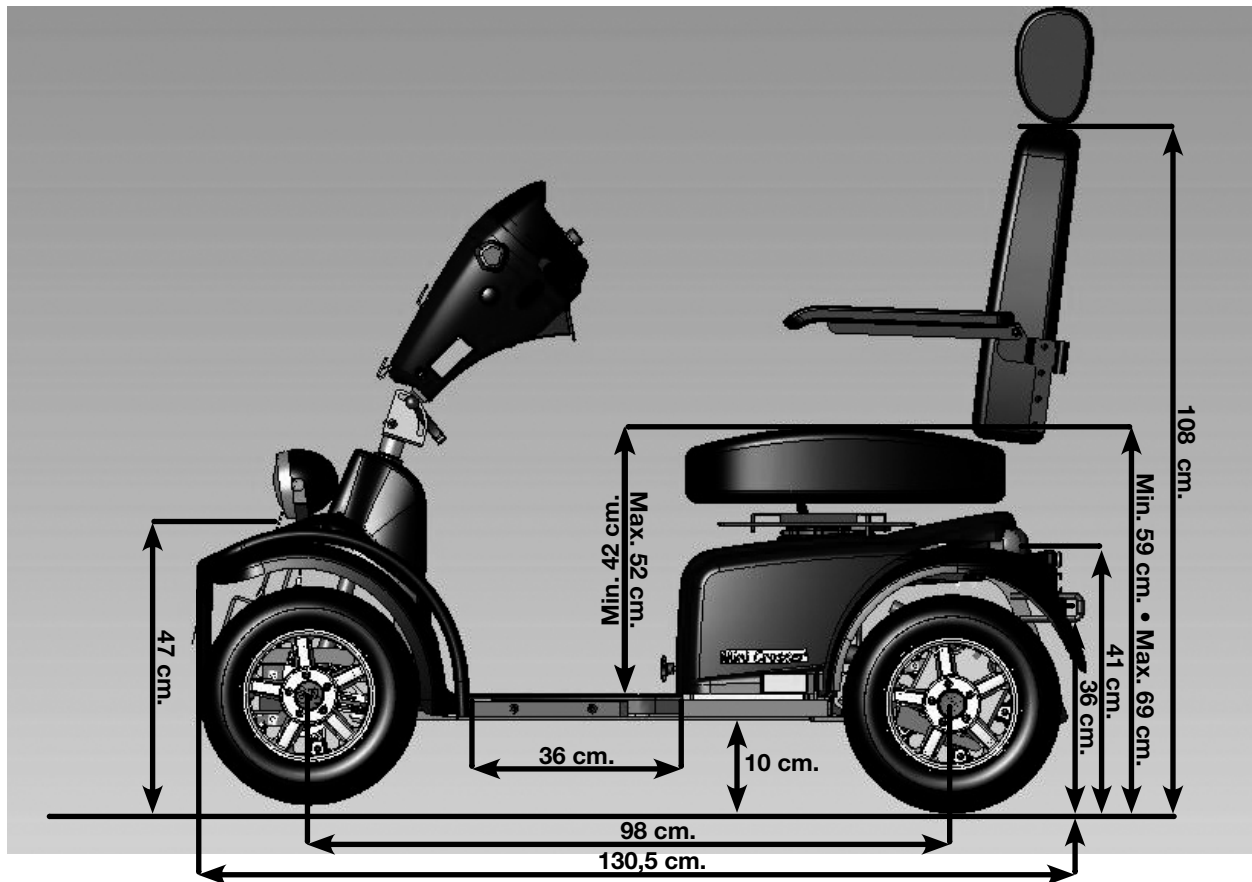

The needs for a flexible scooter to cope both children and small adults have now been solved.

Mini Crosser is particularly noted for its smart designs, manoeuvrability and powerful motors. This has made Mini Crosser extremely popular in countries with steep slopes and hills. Even ice and snow cannot stop these all-terrain vehicles!

The Mini Crosser 115E is the safe choice for the future; it's providing the user the flexibility to cope with everyday events.
